RE: Front Range Community College Neighborhood Meeting

Greetings Neighbor:

Thank you for attending the neighborhood meeting regarding the proposed expansion of the Front Range Community College (FRCC) parking lot and the new Integrated Technology Building; we had an incredible turnout.

As a result of the comments you provided, **FRCC is only submitting the proposal for the parking lot for the November 21, 2013 Planning and Zoning Board hearing.** The proposal for the Integrated Technology Building is being delayed to consider design alternatives.

Please find attached the notes from the neighborhood meeting. Again, you are encouraged to provide written comments to my contact information below, via US Postal Service or e-mail, which will be considered by the Planning and Zoning Board.

Please share this information with any of your neighbors whom did not attend the neighborhood meeting or did not provide their contact information.

Best regards,

Seth E. Lorson, AICP | City Planner
